## 3- Installation

For install this plugin you must have a working version of WordPress already installed. Upon downloading the **iThemeland Logo Showcase for VC** plugin archive, extract the archive and inside extract folder you will find full contents of your purchase. **iThemeland-Logo-Showcase-For-VC.zip** archive contains the installable plugin files.

**Please Note:** You can install the plugin in two ways: inside WordPress, or via FTP. If you have trouble installing the theme inside WordPress, please proceed with installing it via FTP and you will be able to get around the issue.

### *Installing from WordPress*

Follow the steps below to install inside Wordpress

- Navigate to **Appearance > Plugins**
- Click **Install Plugins** and then **Upload**
  - Navigate to **iThemeland- Logo-Showcase-For-VC.zip** on your computer and click **Install Now**
  - To activate the newly installed plugin navigate to **Appearance > Plugins** select the **iThemeland Logo Showcase For VC** and press **Activate**
- After install, activate the plugin.

### *Installing via FTP Server*

Follow the steps below to install via FTP

- Unzip **iThemeland- Logo-Showcase-For-VC.zip** to a desired location on your HDD. These extracted files will be uploaded later via FTP
- Connect to your server via FTP
- Navigate to **/wp-content/plugins/** on server
  - Navigate to location of unzipped **iThemeland- Logo-Showcase-For-VC.zip**
  - Upload local folder **/iThemeland- Logo-Showcase-For-VC /** to remote **/wp-content/plugins/**
  - To activate the newly installed plugin navigate to **Appearance > Plugins** select the **iThemeland Logo Showcase** and press **Activate**
- After install, activate the plugin.

## 4- How To Use

You can add unlimited logos with many useful fields.

### 4.1- Add Logo Showcase

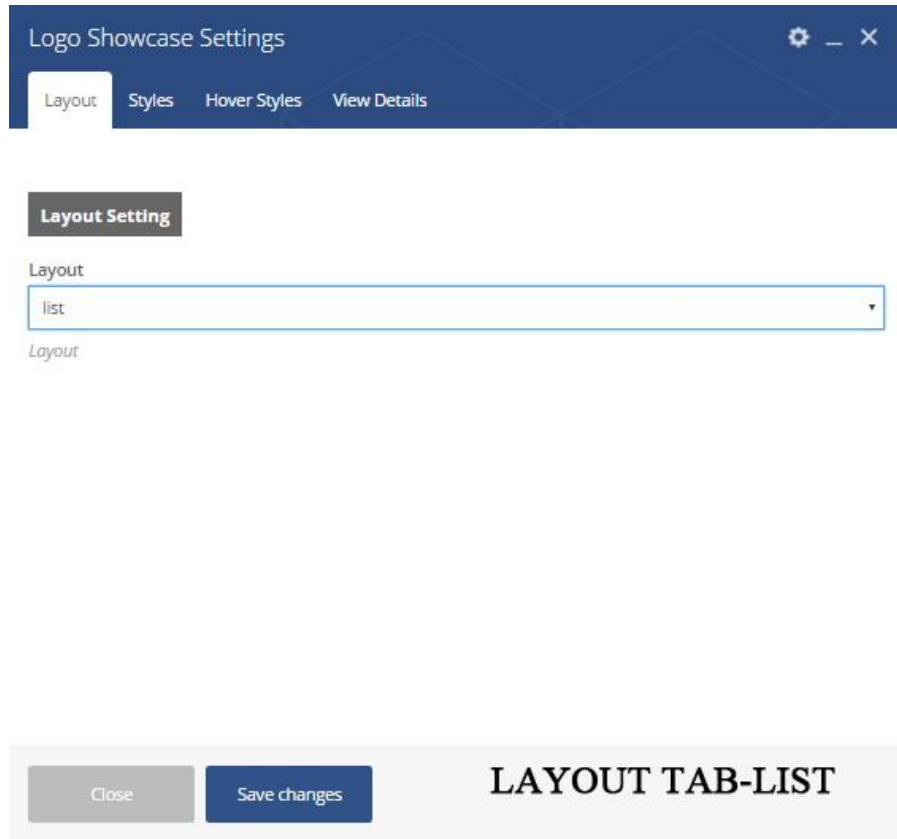

Just click the visual composer **Add Element** button to open a pop-up menu.

The next step is select **iThemelandco Addons** tab in top of pop-up. Click on **Logo Showcase** to open the options for that element .

There is 4 tabs for main setting options and you can set these information for each Logo Showcase:

**Layout Tab:** There is 3 types of layout.

- **List** : Display items as list
- **Grid** : Display items as grid. You can set some fields for grid layout : Desktop Column, Tablet Column and Mobile column
- **Carousel** : Display items as carousel with many options :
  - **Carousel Skin** : There are 4types of skins for carousel
  - **Carousel option** : You can enable/disable "Auto Play", set carousel speed, enable/disable "stop on hover", show/hide "pagination" and "controls"
  - **Carousel Items per view** : You can set some fields for grid layout : Desktop Column, Tablet Column and Mobile column

**Style Tab** : You can customize your layout. There are some of fields : Item Background Color, Border Style, Border Radius, Padding, margin and Box shadow

The screenshot shows a settings dialog box titled "Logo Showcase Settings" with a dark blue header. The "Styles" tab is selected, showing options for "Layout", "Hover Styles", and "View Details". Under the "Style Setting" section, there are fields for "Item Background Color" (with a "Select Color" button), "Border Style" (a dropdown menu set to "None"), "Border Radius" (with "Top-Right" and "Top-left" sub-fields, both set to "0"). At the bottom, there are "Close" and "Save changes" buttons.

**Hover Style Tab :** Set your hover for items. There are some of fields : Item Background Color, Effect on hover, Border Style and Box shadow

The screenshot shows a settings dialog box titled "Logo Showcase Settings" with a dark blue header. The "Hover Styles" tab is selected, showing various configuration options for hover effects. The settings include:

- Item Background Color:** A "Select Color" button.
- Effect on hover:** A dropdown menu currently set to "None".
- Border Style:** A dropdown menu currently set to "None".
- Hover Border Radius :** A section with a "Top-Right" label and an empty input field.

At the bottom of the dialog, there are two buttons: "Close" and "Save changes".

**View Details Tab :** You can Enable/Disable quick view for items. There are 2 types of quick view.

- 1- Popup (Will be displayed over the items)
- 2- Inline (Will be displayed below the items)

**Note :** You can show/hide blocks for quick view content : Hide title, Contact Info, Social Links, Full Description and Gallery

The screenshot shows a dark blue dialog box titled "Logo Showcase Settings" with a gear icon, a minus sign, and a close button (X) in the top right corner. Below the title bar are four tabs: "Layout", "Styles", "Hover Styles", and "View Details", with "View Details" being the active tab. The main content area is white and contains a section titled "Quick View Setting" in a dark blue box. Under this section, there is a "Tooltip" label followed by an unchecked checkbox. Below that is a "Quick View Type" label followed by a dropdown menu currently showing "None". At the bottom of the dialog, there are two buttons: "Close" (grey) and "Save changes" (dark blue).

## 4.2- Add Logo Showcase Item

After Save this form, you must select your images and set detail for each logo. For this , click on + button inside inserted current shortcode. On popup form click **Logo Showcase Item**.

You can set these fields for Logo Showcase Item :
