- Supports all browsers (including IE7+ ,Chrome, Safari or Firefox)

3- INSTALLATION

To install this plugin you must have a working version of WordPress already installed. Upon downloading the iThemeland Logo Showcase plugin archive, extract the archive and inside you will find full contents of your purchase. iTehemland-Logo-Showcase.zip archive contains the installable plugin files.

Please Note: You can install the plugin in two ways: inside WordPress, or via FTP. If you have trouble installing the theme inside WordPress, please proceed with installing it via FTP and you will be able to get around the issue

Installing from WordPress

Follow the steps below to install inside Wordpress

- Navigate to **Appearance > Plugins**
- Click **Install Plugins** and then **Upload**
- Navigate to **iTehemland-Logo-Showcase.zip** on your computer and click **Install Now**
- To activate the newly installed plugin navigate to **Appearance > Plugins** select the iThemeland Logo Showcase and press **Activate**
- After install, activate the plugin.

Installing via FTP Server

Follow the steps below to install via FTP

- Unzip **iTehemland-Logo-Showcase.zip** to a desired location on your HDD.
These extracted files will be uploaded later via FTP
- Connect to your server via FTP
- Navigate to **/wp-content/plugins/** on server
- Navigate to location of unzipped **iTehemland-Logo-Showcase.zip**
- Upload local folder **/iTehemland-Logo-Showcase/** to remote **/wp-content/plugins/**
- To activate the newly installed plugin navigate to **Appearance > Plugins** select the iTehemland Logo Showcase and press **Activate**
- After install, activate the plugin.
