3- Installation

For install this plugin you must have a working version of Wordpress already installed. Upon downloading the **iThemland WooCommerc Product Table** plugin archive, extract the archive and inside extract folder you will find full contents of your purchase.

iThemland-WooCommerce-Product-Table.zip archive contains the installable plugin files.

Please Note: You can install the plugin in two ways: inside Wordpress, or via FTP. If you have trouble installing the theme inside Wordpress, please proceed with installing it via FTP and you will be able to get around the issue.

Installing from Wordpress:

Follow the steps below to install inside Wordpress

- Navigate to **Plugins -> Installed Plugins**
- Click **Add New** and then **Upload Plugin**
- Navigate to iThemland-WooCommerce-Product-Table.zip on your computer and click **Install Now**
- To activate the newly installed plugin navigate to **Plugins -> Installed Plugins** select the iThemland WooCommerce Product Table and press **Activate**

Installing via FTP Server:

Follow the steps below to install via FTP

- Unzip iThemland-WooCommerce-Product-Table.zip to a desired location on your HDD. These extracted files will be uploaded later via FTP
- Connect to your server via FTP
- Navigate to **/wp-content/plugins/** on server
- Navigate to location of unzipped iThemland-WooCommerce-Product_table.zip
- Upload local folder **/ WooCommerce-Product-Table /** to remote **/wp-content/plugins/**
- To activate the newly installed plugin navigate to **Plugins -> Installed Plugins** select the iThemland WooCommerce Product Table and press **Activate**

4- How To Use

With this plugin you can show product table in your WooCommerce based store.

4.1- Usage

It's so easy. Just active plugin and do like below levels:

Product Table settings page

The plugin settings page ([Dashboard > IT Product Table](#)) includes a range of options for setting the defaults in your product tables. These will apply to all the product tables that you create.

The screenshot shows the 'Shortcode Generator' interface for the 'iThemeland WOO Product Table Pro v1.0' plugin. The interface is divided into several sections:

- Navigation:** A sidebar on the left contains standard WordPress menu items (Dashboard, Posts, Media, Pages, Comments, IT Product Table, etc.) and a 'Go to Configure Page' link in the top right.
- Shortcode Generator:** A central panel with tabs for 'Column', 'Basics', 'Conditions', 'Mobile Issue', and 'Search Box And Filter'. The 'Column' tab is active, showing a list of product attributes with checkboxes to include or exclude them in the shortcode.
- Attributes List:** A table of attributes with checkboxes for selection:

Attribute	Selected
SL	<input type="checkbox"/>
Thumbnails	<input checked="" type="checkbox"/>
Product Title	<input checked="" type="checkbox"/>
Description	<input type="checkbox"/>
Category	<input checked="" type="checkbox"/>
Tags	<input type="checkbox"/>
SKU	<input checked="" type="checkbox"/>
Weight(kg)	<input type="checkbox"/>
Length(cm)	<input type="checkbox"/>
Width(cm)	<input type="checkbox"/>
Height(cm)	<input type="checkbox"/>
Rating	<input checked="" type="checkbox"/>
Stock	<input checked="" type="checkbox"/>
Price	<input checked="" type="checkbox"/>
Wish List	<input type="checkbox"/>
Quantity	<input checked="" type="checkbox"/>
Total Price	<input type="checkbox"/>
Short Message	<input type="checkbox"/>
Action	<input checked="" type="checkbox"/>
Check	<input checked="" type="checkbox"/>
Quote Request	<input type="checkbox"/>
- Buttons:** 'Generate Shortcode [recommended]' and 'Generate Full Shortcode' buttons.
- Instructions:** A note: 'Before Copy your code, Please Check all Tabs. Your Generated shortcode will display here. Click on [Generate Shortcode] button.' Below this is a large empty text area for the generated code.
- Footer:** 'For more customization, Go to Configure Page' and 'Thank you for creating with WordPress.' and 'Version 4.9.8'.

Configuration Settings & Shortcode Generating
